

FSVAA Membership Policy

Fairfield-Suisun Visual Arts Association Individual Membership is only \$40 per year. New Members may have their membership dues prorated on the following January 1st. As a requirement upon joining, you will be scheduled for training as a Docent at the Solano Town Center Gallery. This training requires you to watch several online videos and work in the STCG on a specific day with a Trained Docent. This training may require several shifts until you are comfortable with our procedures. Once you have completed the training, you can schedule your 3.5-hour shift to docent at the Solano Town Center Gallery. After 3 months as a Docent, you will be considered a Member in Good Standing and begin to receive the additional benefits of being a Member. Members that have Docent the past 2 months qualify to enter art shows at the STCG. Entry into the shows is \$10 per piece of art; Tryptic art is considered as one entry. Members that Docent 3 times per month will receive one free entry in the next show, a \$10 savings.

The FSVAA Membership offers advantages over Non-Members. Members in Good Standing are offered benefits above what an individual member receives. Members in Good Standing are members that Docent 3.5 hours or more at the Solano Town Center Gallery or because of medical reasons are allowed to participate in events by performing other approved tasks. Members in Good Standing receive booth discounts at events (*Examples: Art on the Vine, The Crush, Art by the Bay*). Members in Good Standing may also participate in the Solano Town Center Gallery Gift Shop and display their artwork at the Village 360 Gallery.

Fairfield-Suisun Visual Arts Association Family Membership is a great value. Families pay \$60 per year. Family members receive the same benefits as an individual member. Family Membership requires that a Member must docent once per month, per each registered family member. (*Example: A family of 4, will be required to Docent 4 times per month*). One family member may Docent 4 times per month to meet the requirements.

Fairfield-Suisun Visual Arts Association Student Membership is a low-cost membership for the young beginning artist. Students 14 and over may join for only \$25 per year and receive all the benefits the FSVAA offers. Student members are not required to Docent until they reach 18 years of age. To continue as a Student Member, a college student must be considered to be a Full Time Student (*Carry a minimum of 12 Units*).
