### Village 360 Clarification

*This is to clarify some questions about the  
Gallery at Village 360.*

1. This is a bonus to our Members In Good Standing.
2. Intake has to be scheduled around the use of the building by Village 360.
3. The lighting was designed for wine tasting, not an art gallery.
4. There will not be additional lighting added.
5. We are the winery's guest; they do not cater to us.
6. Sales are exceptionally good at the Village 360 Gallery.
7. I would like to schedule receptions at Village 360.
8. There is no space available to display small items and there are no plans for display cases.
9. 3-D artwork will be accepted after reviewing the item.
10. All artwork must be ready to hang per FSVAA policy.
11. All sales are subject to a 10% commission, which is subject to change.
12. There is no show entry fee.
13. Each Member showing their artwork is required to do one shift per month.

## FSVAA ARTIFACTS

14. The shift times coincide with high visitor count times to the winery and are subject to change.
15. When Village 360 releases a new wine, we offer Wine Club Members a 10% Discount on art sales on that day only.
16. While you are a docent and only on that day, you may display additional artwork for sale.
17. The Village 360 Gallery room could be rented out on short notice and if you arrive as a docent, you may be turned away.
18. We could lose the Gallery at any time.
19. Artwork is accepted until there is no more room. I am sorry if you are turned away.
20. All artwork must be picked up from the previous show on Intake Day. Artwork not picked up will be moved to the backroom at the Solano Town Center Gallery. After a week, the Artist will be charged a \$5 per piece/per week storage fee. After four weeks, it will be moved to our off-site storage facility per FSVAA policy.
21. All artwork over 36" wide will be rejected.
22. We are going to try to accommodate every Member that submits artwork.
23. Please direct any further questions to Dennis Ariza.

Thank you!  
Dennis Ariza

## Proper Hanging Methods

Over the years we have had many pieces of art brought into the Gallery with a wide variety of hanging devices. We have had to reject some of them, repair some of them, and in some cases completely add a hanging system.

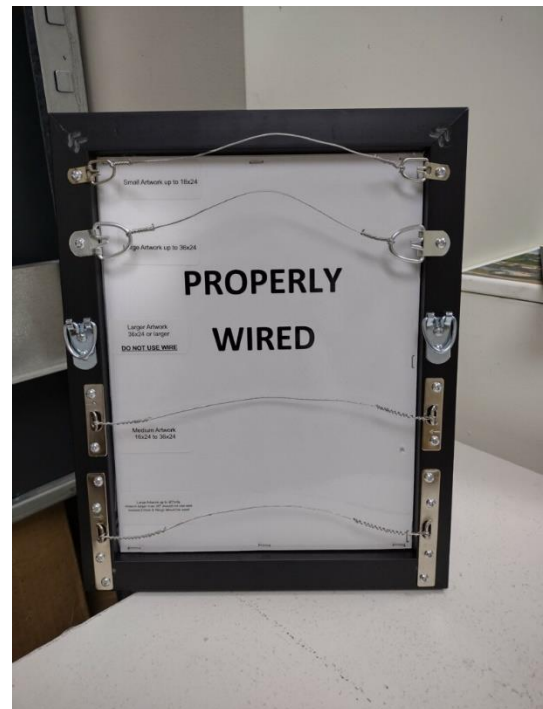

Doug Adams from Virtual Framing and Dennis Ariza had a conversation about holding a workshop on how to prepare your artwork for

display. He has kindly created a sample frame with samples and recommendations for the type of hanging devices for your artwork.

All artwork accepted into our shows are required to be ready to hang. The sample is available for viewing at the Solano Town Center Gallery.

It is understandable that some odd shape pieces and certain materials may not be compatible with these hanging systems.

Please ask for advice.
